## 80mm 90mm 120mm Thickness Saw Blade In Bottom Single Blade Rip Saw Machine For Wood Cutting

Model: MJ153  
Category: RIP SAW MACHINE / AUTOMATIC RIP SAW MACHINE

### Core Parameters

| Parameter         | Value                        |
|-------------------|------------------------------|
| Core Components   | Saw blade                    |
| Voltage           | 380V/50Hz/3PH, Or Customized |
| Total Power / Air | 8.25kW                       |
| Net Weight        | 900 KG                       |
| Dimensions        | 1550*950*1420mm              |

### Technical Specifications

| Parameter                 | MJ153                        |
|---------------------------|------------------------------|
| Type                      | Automatic rip saw            |
| voltage                   | 380V/50Hz/3PH, Or Customized |
| Style                     | VERTICAL                     |
| use                       | Woodworking                  |
| core components           | Saw blade                    |
| warranty                  | 1 Year                       |
| machinery test report     | Provided                     |
| Key Selling Points        | Multiple cuts                |
| video outgoing-inspection | Provided                     |
| place of origin           | CHINA Shandong               |
| weight (kg)               | 900 KG                       |
| power (kw)                | 8.25kW                       |
| brand name                | HSH                          |
| dimension(l*w*h)          | 1550*950*1420mm              |

### Trade Information

| Item          | Detail                            |
|---------------|-----------------------------------|
| Terms         | FOB Qingdao / EXW                 |
| MOQ           | 1 Set                             |
| Lead Time     | To be confirmed                   |
| Certification | CE · ISO 9001 · TÜV               |
| Warranty      | 1 Year                            |
| After-Sales   | Remote guidance · Video tutorials |
